<b>Birthday Drawing (see P. 2)</b>		<b>Membership Drawing (see P. 2)</b>

Directions

1. Replace “Month” with the month of the menu
2. Enter the correct day in the small green boxes—the font color is white
3. If there are only four weeks in the month, start down one row so the last week used the row with “Happy Birthday”, etc.
4. Enter the menu for the day in the corresponding box, but keep it short—the font size is set to 10pt in Aria Black to make it readable. Left justify, do not center the text. The font should be set to use the maximum space and still be readable.
5. Birthday and Membership boxes have a text box with the text about the drawing overlaying the menu box.—those are as close to the bottom of the boxes as possible.
